

Comfort Rescue Balm

Comfort Rescue Balm

Azelis' solution

The Comfort Boosting Rescue Balm is a deeply nourishing, protective formula designed to shield skin from harsh winter conditions while delivering long-lasting hydration. Unlike traditional slugging, which can feel overly greasy, this balm offers slow moisture release without an oily after-feel, making it more aesthetically pleasing. The key active mimics the benefits of sunlight by stimulating the skin's photoreceptors, boosting serotonin and melatonin production for a radiant complexion. The formulation overcomes the challenge of stabilizing natural oils to create a unique, cascading texture. With 95% natural origin ingredients and cold-process development, this balm provides the perfect balance of nourishment, protection, and sensory elegance.

Formulation reference : 25016641

Features and benefits

-  Slow-release hydration without greasiness
-  Mood enhancing & revitalizing
-  ISO 16128 - 95%
-  Luxurious cascading sensorial effect

Hero ingredients

Versagel® SQ 1600T

Versagel® SQ Series are a gelled squalane product, which is naturally present in the skin lipid barrier and is an ingredient known for its exceptional moisturizing abilities and its ability to penetrate the skin to deliver benefits.

Corn PO4 PH B

Non swellable starch that provides lasting moisturisation or fragrance release and can be used in all product formats for mattifying, reducing heavy/oily formulations and has excellent slip and glide/ball bearing effect.

Phase	Commercial name	INCI Name	w/w (%)	Principal
