A BETTER WAY TO FORMULATE

**Customizable formulations. Groundbreaking technology.
Comprehensive expertise from start to finish. That's Penreco[®].**

From inception to completion, we ensure quality and character designed for today's standards.

1 Our product line includes a world-famous line of mineral oils.

2 We formulate our mineral oils, as well as other substrates, into a proprietary gelled hydrocarbon product called Versagel.

3 Our newest clear stick innovation furthers our evolution of gelling mineral oil and other substrates into Versastique.
