

VERSAGEL® VERSASTIQUE™

APPLICATION GUIDE

Penreco offers customizable formulations, groundbreaking technology, and comprehensive expertise from start to finish.

Our Versagel technology is used in thousands of cosmetic, pharmaceutical and personal care products around the world. The Versastique product line is a multi-functional material that provides formulators a better way to formulate through simplified creation of functional and aesthetic solid stick applications. **Based on what you want to create, this guide can get you started toward your customized product.**
